DESIRE OF ...

... mountain holidays, adventure and relaxation for the whole family?

South Tyrol-Südtirol's **village for family activities**, Olang, promises an abundance of possibilities for frolicking, adventures that are just waiting to be experienced and accommodations that offer everything that the guests desire.

The idyllic village is located between the **Dolomites, UNESCO World Heritage**, and the two **nature parks Fanes-Sennes-Prags** and **Rieserferner-Ahrn**: Olang is a true **paradise for hikers, bikers** and all those looking for **relaxation** in the fantastic mountains of South Tyrol.

OLANG,

OLANG - THE VILLAGE FOR ADULTS AND KIDS

The unique **play and adventure area** covers an area of several hundred square meters and is divided into **four play stations** for different age groups.

On the path, which is suitable for strollers, you will first encounter the **playground**, which is especially suitable for children from 1 to 4 years. Continue to the **forest playground** with a tree house path and various climbing opportunities. After that, the **water world** awaits you with the undisputed highlight: the 56-meter long **super slide** - the longest in all of South Tyrol. Finally, the older kids between

8 and 14 can really let off steam on a balance course in the **climbing world**.

And the parents? They can make the most of the unexpected break, top up on sunshine and enjoy the panoramic views. This is how relaxing a family holiday in Olang can be.

You can find all the **summer activities for families** on our **family map**.

The map is available at the Tourist Info Olang or in your accommodation!

Olang is located in the middle of the Dolomites and offers a huge possibility of different hiking tours.

Together with our mountain guides you can explore hidden sides of the mountains and **also in summer our guides show you the beautiful nature that surrounds Olang.**

"I had the pleasure to grow up in an area like ours within the nicest mountains all over the world. Doing a lot of hiking tours in South Tyrol and out of our borders I found my passion for the mountains.

I would be glad to accompany you as an alpine guide and show you the mountains from another perspective."

"Already at the age of 6 I climbed Mount Paterno in the Dolomites of Sexten. Once I've learned how to be Alpine Guide, nothing could stop me and together with friends I headed on adventures in the Dolomites, the entire Alpine arch and later on also in different mountains of our planet.

Throughout the years, I was able to gain a lot of experiences, which I am now happy to pass on to all of you."
